AGRICULTURE • AGRIBUSINESS • AGRITOURISM • INNOVATION • GLOBAL EXPOSURE

Date

Nov 12-22 2026 (11 Days)

Location

Ghana (4 Days) + Singapore (7 Days)

"Experience Agriculture the Voazok way!"

ORGANISED BY

ABOUT GROWNEXT

The GrowNext Agricultural Study tour 2026 is a youth-focused learning and international exposure initiative by Voazok Limited, designed to connect young people with practical opportunities across agriculture, agribusiness, agritourism, innovation and enterprise development.

GrowNext combines a 4-Day Agricultural & Agritourism Workshop in Ghana with an 7-Day International Agricultural Study & Exposure Programme in Singapore.

The programme takes participants through a journey of learning, practical application, local industry exposure and international experience.

Participants will explore agriculture beyond traditional farming and discover opportunities across the wider agricultural value chain, including technology, processing, tourism, logistics, marketing, research, innovation and enterprise development.

WHY GROWNEXT?

Agriculture is changing rapidly. The opportunities of the future will not exist only on farms. They will also emerge through technology, tourism, processing, logistics, marketing, finance, research, innovation and new agricultural business models.

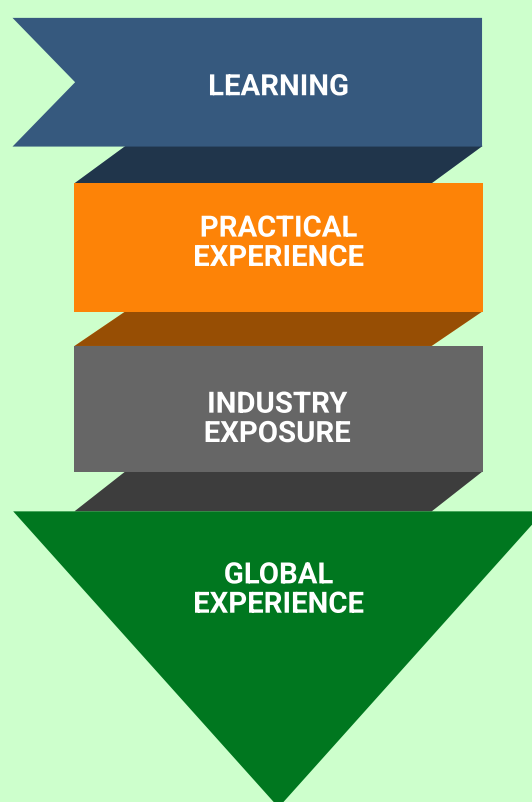

GrowNext gives young people the opportunity to see these possibilities firsthand.

The goal is simple:

Help young people see agriculture differently, discover what is possible and gain the exposure to take their next step.

From agricultural enterprises in Ghana to Singapore's innovative food and agritech ecosystem, the programme creates a pathway from:

**LEARNING → PRACTICAL EXPERIENCE →
INDUSTRY EXPOSURE → GLOBAL EXPERIENCE.**

WHO SHOULD PARTICIPATE?

GrowNext is designed for young people who are interested in agriculture and the opportunities emerging around the sector.

The programme welcomes:

- ▶ Young farmers
- ▶ Agricultural students
- ▶ Aspiring agripreneurs
- ▶ Agribusiness entrepreneurs
- ▶ Youth-led innovators
- ▶ Early-career professionals
- ▶ Tourism and hospitality entrepreneurs interested in agritourism
- ▶ Young people exploring agriculture as a business or career pathway

ELIGIBILITY

Participants must:

- Be under 40 years of age
- Currently reside in an African country
- Demonstrate an interest in agriculture, agribusiness, innovation, agritourism or related fields
- Complete the official registration process
- Meet applicable programme participation and travel requirements.

GrowNext is open to young people at different stages of their journey, from those exploring agriculture for the first time to those already developing agricultural or tourism-related enterprises.

WHAT PARTICIPANTS WILL GAIN

Through GrowNext, participants will have the opportunity to:

- Build practical agricultural and agribusiness knowledge
- Understand opportunities across agricultural value chains
- Explore agritourism as an emerging enterprise opportunity
- Gain firsthand exposure to operating agricultural businesses
- Learn directly from industry professionals
- Strengthen entrepreneurial and enterprise-development skills
- Develop and test ideas through practical activities
- Experience agricultural innovation in Ghana and Singapore
- Build professional and industry networks
- Gain international exposure
- Discover opportunities for careers, businesses and partnerships
- Identify ideas and approaches that can potentially be adapted locally

THE DETAILED EXPERIENCE & ITINERARY

PROGRAMME AT A GLANCE

Stage	Experience
Phase 1	4-Day GrowNext Agricultural & Agritourism Workshop – Ghana
Day 1	Skills, agritourism, enterprise development & simulation launch
Day 2	Enterprise development, practical learning & simulation
Day 3	Local agricultural exposure & industry visits
Phase 2	7-Day International Agricultural Study & Exposure Programme - Singapore

PHASE 1 Ghana Workshop & Field Exposure (Nov 12–15)

GROWNEXT AGRICULTURAL & AGRITOURISM WORKSHOP 4 DAYS | GHANA

The 4-day workshop provides the foundation for the GrowNext experience through interactive learning, practical enterprise activities, industry engagement and local agricultural exposure. Participants will learn, create, collaborate and apply what they learn through the Farm Enterprise Simulation.

DAY 1 SKILLS & ENTERPRISE SIMULATION

Participants will explore the fundamentals of agriculture, agribusiness, agritourism and enterprise development while identifying opportunities within the agricultural sector.

The Farm Enterprise Simulation will also be launched, giving participants the opportunity to apply enterprise and decision-making principles in a practical environment.

DAY 2 ENTERPRISE DEVELOPMENT & PRACTICAL LEARNING

Day Two builds on the foundation established during Day One through practical exercises, enterprise simulation and engagement with facilitators and industry professionals.

Participants will receive guidance and feedback while continuing the Farm Enterprise Simulation.

DAY 3 LOCAL AGRICULTURAL EXPOSURE

The final workshop day takes participants beyond the classroom and into the field. Participants will visit selected commercial farms, agribusinesses and food-processing facilities to see how agricultural enterprises operate in practice.

The experience will help participants connect the concepts explored during the workshop with real businesses and agricultural enterprises.

WORKSHOP INCENTIVES

Stand a chance to win up to \$1,000.

Participants with outstanding performance in workshop challenges can win cash prizes on the spot.

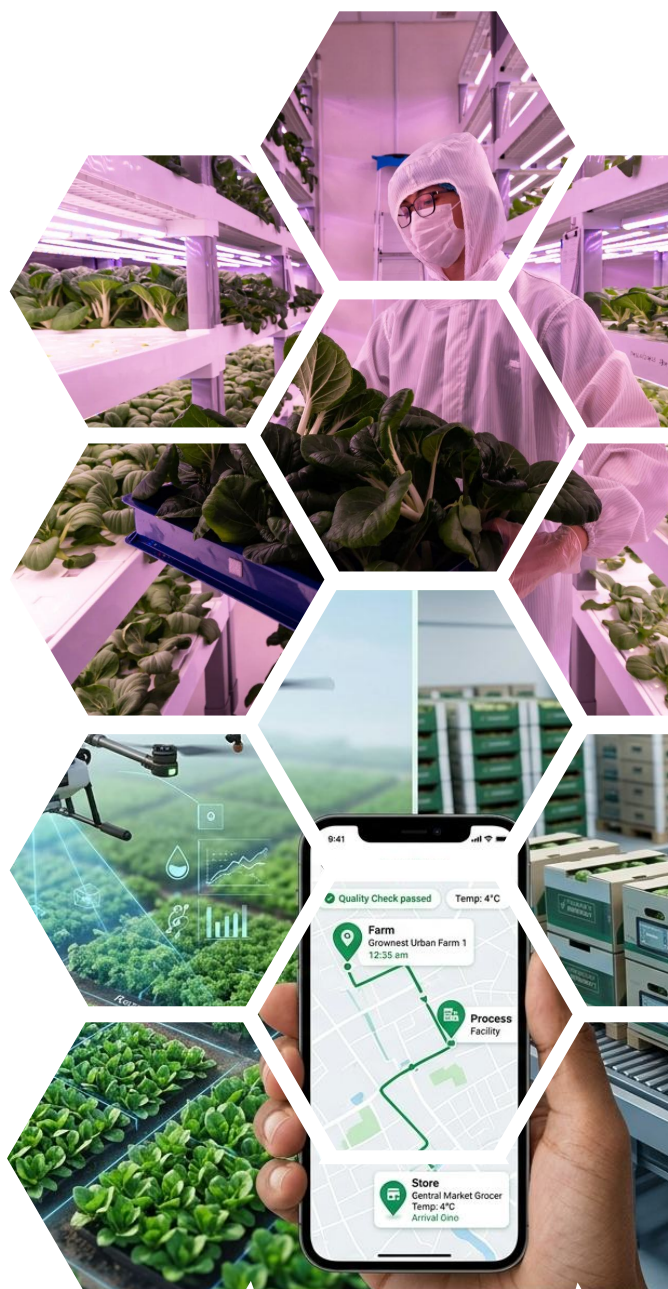

PHASE 2 Singapore International Exposure Tour (Nov 15–22)

INTERNATIONAL AGRICULTURAL STUDY & EXPOSURE PROGRAMME 7 DAYS | SINGAPORE

Following the Ghana workshop, eligible/confirmed participants will have the opportunity to take their learning further through a 7-Day International Agricultural Study & Exposure Programme in Singapore. Singapore provides a unique environment for exploring how technology, innovation and entrepreneurship are being applied to food production, sustainability and urban agriculture despite limited land and natural resources.

Participants will gain firsthand exposure to agricultural enterprises, technology solutions, innovation initiatives and other relevant industry stakeholders.

KEY AREAS OF EXPOSURE

AGRITECH & INNOVATION

Explore technologies and innovative approaches shaping the future of agriculture.

SMART & DIGITAL AGRICULTURE

Discover how data, automation and digital technologies are being applied to agricultural production and management.

URBAN & CONTROLLED-ENVIRONMENT AGRICULTURE

Explore innovative approaches to producing food in urban and space-constrained environments.

SUSTAINABLE FOOD PRODUCTION

Understand approaches to resource efficiency, sustainability and resilient food systems.

FOOD & AGRO-PROCESSING

Explore value addition, food processing and opportunities beyond primary production.

AGRIBUSINESS & ENTERPRISE

Learn how agricultural businesses develop products, services and new market opportunities.

RESEARCH & INNOVATION

Gain exposure to research, technology development and emerging solutions for agriculture.

VALUE-CHAIN DEVELOPMENT

Understand how technology and innovation can improve agricultural value chains from production to market.
